### *Our Philosophy*

---

*ARTEC ACADEMY* teachers and staff make every effort to provide a secure, happy, enriching and loving environment for children. We work to make each day a happy learning experience for your child by setting a balance of individual and group activities, which help the children develop their self-esteem, cognitive skills, creativity, and awareness of the environment. *ARTEC ACADEMY* also takes into account the cultures and ethnicities of the children. The primary language of the children is the base for any new language for a child; therefore, the primary (Russian language) will be welcomed and reinforced among children. The main scheme is that each child has a unique personality with his or her own needs, strengths, and interests. Teachers manifest their respect for children by encouraging them to think for themselves, make their own decisions, work toward their own solutions, and express their own ideas and feelings. Parents are encouraged to participate in a variety of center activities including birthday and holiday celebrations, parent-child open lessons, fundraising events, and social activities. Parents may drop in at any time to visit their child and take part in classroom activities and special events. We are proud to provide an open-door policy for the parents.

The administration and staff at Artec Academy are highly qualified to work with children and their families. Years of education and experience in the fields of Early Childhood Education, Psychology, Child Development, Languages and Family Studies provide a solid foundation for our model early childhood program.

The program at Artec Academy becomes a valuable extension of each family by recognizing the parent's goals and making them an important part of each individual child experience. Staff members value the importance of strong communication between the families and staff and work to build positive relationships with every family in the program.

### *Parent- Teacher Conferences*

---

Every family is given the opportunity to have a conference within 30 days of enrollment to discuss goals, progress, observations, and/or concerns. Parent- Teacher Conferences are held twice a year for all age-groups in September/October and April/May. Developmental assessments are completed based on the teacher's recorded observations of each child. The parents are given an Ages & Stages Questionnaire prior to the conference to let the teacher know about their questions and concerns. The parent's, as well as the teacher's, concerns are addressed at the conferences. A written progress report is given to parents at each conference. Meetings between parents and staff regarding specific incidences, behaviors, and concerns can occur at any time throughout the year. Appointments are recommended and may be requested by the parent and/or the teacher.

### **Safety**

Our primary concern with our facility is safety. We will constantly ponder the question "Is the center as safe as it can be?" All of our staff members have been trained in first aid and CPR. We are constantly updating our first-aid kits as well as our rescue techniques for times that may require first aid. Our facility will also be updated daily with new and improved safety measures as they become available. In case of an emergency, the child will be cared for in the appropriate way. An injury report form will be sent home to the parents and one will be placed in the child's file. If hospital care is required, your child will be hospitalized to the nearest hospital along with his file and emergency release forms. The caregiver will notify the parent immediately and inform the parent of the emergency.

### *Fire Drills and Weather (Tornado) Drills*

---

Regular fire drills and periodic lockdown practice drills will be held. These are carried out in a calm manner. Please talk to your children at home about these practices. You may want to have your own family fire drills. In the event of a serious earthquake, the children will be cared for by preschool staff until a parent, guardian, or other authorized person collects the child. Please note: In case of emergency, in which children must be evacuated from the building, the emergency location is in walking distance, in the plaza directly adjacent to Artec Academy, 800 E. Hallandale Beach Blvd., Hallandale FL 33009. Please be advised, all parents will be notified in case of evacuation.

### *Unauthorized Pick-Up*

If the person is driving a vehicle the teacher will explain that driving under the influence of drugs or alcohol is against the law and that the teacher is obligated to ensure the safety of the child. If this person chooses to get in the car (with or without the child) the teacher will immediately notify police and provide a description of the car and location headed. If the teacher believes that the child is in need of protection, the Department for Children and Families will be notified.

### *Custody and Related Court Orders*

Otherwise, transportation for all children is the responsibility of the parents. **Parents may assign alternate authorized pick-up persons** for their children on the "Emergency Contact/Parental Consent" form. If a person other than the parent is picking up a child, the center **MUST HAVE VERBAL OR WRITTEN PERMISSION FROM THE PARENT.**

### *Clothing*

Always think of your child when dressing him/her for school. Dress him/her in loose comfortable clothing that he/she does not have to be afraid of getting dirty. Your child will be given a cubby to keep his/her belongings. Always keep a change of clothes, stored in a zip-lock bag, in your child's cubby. If we use the change of clothes on your child that day, please bring in another change of clothes the following day. Remember to label everything that belongs to your child with his/her first and last names. Please bring child ready to play and have fun each day.

For safety, children cannot wear open-toe shoes, sandals or flip-flops. Children cannot have long articles of jewelry or sharp-edged accessories such as hair clips and rubber bands which can be a choking hazard. In the cool season here in Florida, please provide a jacket. In the summer, provide light clothing, a hat and sunscreen. **Artec Academy will not be responsible for lost items!**

It is our expectation that children will go outside every day. If you feel your child is too sick to go outside then he/she is too sick to be at the preschool. Artec Academy requests that you keep him/her at home until the child is well enough to go outside. A medical note is to accompany all children after an illness if returning the next school day, otherwise 48 hours must be awaited prior to returning to school.

### *Personal Belongings*

---

Personal belongings for a child should be limited to four extra sets of clothes, backpack, blanket, pillow and toddler side sheet or bedroll for nap time, and if **necessary** ONE security item to sleep with during naptime. All must be stored in a large Ziplock bag labeled with the child's name. Toys from home should not be brought in to school except for "Show and Share" days. (Sensory toys are allowed for nap time)

For Show and Share, educational toys or toys based on the monthly or weekly themes of the classroom are preferred.

### **BOOKS FROM HOME ARE ALWAYS WELCOME ANY DAY!**

Toys with weapons or toys which promote violence in any form will NOT be permitted at Artec Academy. **NO EXCEPTIONS.** At the teacher or Director's discretion, unsuitable toys will be taken to the Director's office to be picked up by the parent at the end of the day or locked in a closet until pick-up time. No item which is not suitable for ages fewer than three should ever be brought in to the infant or toddler classrooms, even if it is a "security" item for a child. Toys with small parts (for example, small cars, and dolls with small accessories or parts, etc.) pose a choking hazard for all the children. These toys may not even be kept in the child's cubby. If unsafe toys are brought in, the parent will be asked to take them with them at drop-off time or the toy will be locked up in a closet for safety reasons.

One of the goals in all of our classrooms is to teach a sense of "community". Artec Academy are well-equipped with an array of toys which are shared by our school community. There is no need for additional toys from home to be brought in on "non- 'show and share' days". This policy is to prevent a child's personal toys from being broken or "claimed" by another child.

### *Electronic Media/ Television*

---

Smart phones. Tablets. E-books, and more. The explosion of new screen devices offers both possibilities and challenges for families today. When should children be introduced to screens? How much time should be spending with screens? Is screen time helpful or harmful for the brain development of children? Does content matter? There is not much research about new technologies and children but there are some things we do know.

There is no evidence that screen time helps children under 2. Some studies show that it can even delay learning new words and upset the patterns of babies. For children over 3, limited use of thoughtfully produced screen media can contribute to learning, especially when a caring adult is involved.

At Artec Academy we offer a strict no screen-time policy. Short, educational material which adheres to the curriculum and requires the use of technology are permitted with limitations.

Dogs and cats are welcome to be visitors on special occasions ONLY if they are accompanied by the child's parent and the veterinarian's certificate of the pet's current vaccinations. The permission from parents is required for a child to participate in some events with animals.

### *Birthday /Special Celebrations*

Children are welcome to celebrate their birthdays at Artec Academy by bringing in a special healthy snack and/or game to share with their friends. Parents should talk to the child's teacher about any allergies in the child's group before bringing in a snack. (NO HOMEMADE FOOD) Every effort must be made to bring in a healthy snack like pretzels, veggies and dip, fruit tray, muffins, etc. No foods containing chocolate, large amounts of sugar, nuts or peanut butter may be brought in due to the possibility of allergies. Parents must fill out a Birthday Snack Form located at <http://artecacademy.com/pdf/BIRTHDAY-SNACK-PERMISSION-FORM.pdf> prior to bringing any birthday snack foods and all parents from the class must sign the form as consent that their child may participate and consume the snacks provided.

### **Meals**

**PLEASE KEEP IN MIND WE ARE A PEANUT FREE FACILITY. ABSOLUTELY NO PEANUT PRODUCTS WILL BE GIVEN TO THE CHILDREN. IF YOUR CHILD IS SENT TO SCHOOL WITH PEANUT PRODUCTS IN LUNCH, PRODUCTS WILL BE SENT BACK HOME AND PARENTS WILL BE NOTIFIED.**

Artec Academy had contracted the catering company which provides lunch for the children. Three meals will be served a day. Breakfast will be served at 9:00 am. If your child arrives after 9:30 am, please be sure he/she has eaten, or let us know and we will provide a late breakfast. Lunch will be served at 12:00 p.m., and Dinner will be served at approximately 4:00 p.m.

The Pre-School is a **nut-free environment** due to the large number of Pre-School children who have life threatening allergic reactions when exposed to nuts or nut products. Please check with the staff on classroom allergies. Peanut products are BANNED at the center due to the large number of children with the peanut allergy.

All items requiring refrigeration should be given to staff and placed in the refrigerator located in the kitchen. **It is the responsibility of the parent to make sure every item is labeled with the child's name/ initials and refrigerated as necessary. Items placed in the refrigeration bin should be limited to dairy foods, meats, and perishables.**

### *Naptime*

At naptime, your child will be given a comfortable cot to sleep on with his/her name on it. Your child will use only one bed throughout each school year. Bring a fitted crib sheet and a small pillow in a bag that includes a zipper to the center to put on the bed. Your child will be spending a good portion of his/her time on the bed, so please supply a comfortable blanket so your child can be as happy as possible when he/she is in our care. Please bring home the sheet, the pillowcase and the blanket at the end of each week to be washed. Remember to label everything that belongs to your child with his/her first and last names. Your child is not required to nap. If he/she does not nap please let your child's teacher be aware of it and she will prepare other arrangements.

### **Health**

Upon enrollment, the families are providing the information:

1. A preadmission physical.
2. A copy of a current immunization record.

Please note: documentation of a scheduled appointment to receive immunizations is required if immunizations expire.

To protect the health of the other children and the staff, please keep your child home from school if he/she has a temperature, a serious cold, an undetermined rash, diarrhea, or any kind of infection. If your child becomes ill while under our supervision, the child will be kept as comfortable as possible and the parent will be called to take the child home as soon as possible. Please, notify us if your child has come down with anything that can be transmitted so our parents can be on the alert for the same symptoms in their children. Children who are taking antibiotics, who do not have a fever and otherwise seem well, need not be excluded from preschool.

***Please note that if your child is too sick to go outside to play, they are too sick to be at preschool.***

Upon arrival, each child is checked by a staff member to screen for early signs of illness. The adult who brings the child must wait until the child has been accepted. This is for your child's protection. If your child becomes ill during the day, you will be notified immediately and be asked to come for the child at once. An ill child must be picked up at once for the protection of the sick child and the other children. Your child must be symptom free for 24 hours before returning to school.

Lice Clinique (a professional lice removal company) comes to Artec Academy upon request of the center. All students present in their class have their heads checked for lice and nits. We are a "nit free" preschool.

Family members should refer to the health folders for information if their child exhibits symptoms or if the child needs medication during the child care hours or if the family member has a question about a health- related topic or policy.

An illness and injury log are kept in the Director’s office to track the spread of illness and the frequency of injuries at the center.

*Incident Reports*

If a child is injured at school, an “Incident Report Form” is completed by the child’s teacher or by the teacher who cared for the injured child.

At pick-up time the parent signs the incident report and receives a copy for the child’s records at home. Another copy of the report becomes part of the child’s file at school.

Please note: Parents will be notified immediately of any severe accident or injury such as an open wound, head or facial injury that requires medical attention, if bleeding occurs, and/or breaks and sprains. Parents must notify the classroom teachers if they wish to be advised of any other minor bumps or bruises.

### *Biting Policy for Toddlers*

Biting is unfortunately not unexpected behavior for toddlers. Some children and many toddlers communicate through this behavior. However, biting can be harmful to other children and to staff. This biting policy has been developed with both of these ideas in mind. As a preschool, we understand that biting, unfortunately, is a part of a day care setting. Our goal is to help identify what is causing the biting and resolve these issues. If the issue cannot be resolved, this policy serves to protect the children that are bitten. If a biting incident occurs, state regulations require that the parent of the child biting and the parent of the child who was bitten be contacted. Names of the children are not shared with either parent.

#### **When Biting Does Occur:**

Our staff strongly disapproves of biting. The staff's job is to keep the children safe and help a child that bites learn different, more appropriate behavior. We do not use techniques to alarm, hurt, or frighten children.

#### *For the child that was bitten:*

1. First aid is given to the bite. It is cleaned with soap and water. If the skin is broken, the bite is covered with a bandage.
2. Parents are notified.
3. The "Record of Unusual Incidents and Accidents" (#4) form is filled out documenting the incident.

#### *For the child that bit:*

1. The child will be removed from the situation and redirected.
2. The parents are notified.
3. The "Toddler Gram" is filled out documenting the incident.

#### **When Biting Continues:**

1. The child will be shadowed to help prevent any biting incidents.
2. The child will be observed by the classroom staff to determine what is causing the child to bite (teething, communication, frustration, etc.) The administrative staff may also observe the child if the classroom staff is unable to determine the cause.
3. The child will be given positive attention and approval for positive behavior.

### **When Biting Becomes Excessive:**

1. If a child inflicts 3 bites in a one-week period (5 weekdays) in which the skin of another child or staff member is broken or bruised or the bite leaves a significant mark, a conference will be held with the parents to discuss the child's behavior and how the behavior may be modified.
2. If the child again inflicts 3 bites in a one-week period (5 weekdays) in which the skin of another child or staff member is broken or bruised or the bite leaves a significant mark, the child will be suspended for 2 business days.
3. If a child once again inflicts 3 bites in a one-week period (5 weekdays) in which the skin of another child or staff member is broken or bruised or the bite leaves a significant mark, the parents will be asked to make other day care arrangements.

If a child, who has been through steps 1 and/or 2, goes 3 weeks (15 business days) without biting, we will go back to step one if the child bites again.

If a child bites twice in a 4-hour period, the child will be required to be picked up from day care for the remainder of the day. This will not count towards the 2-day suspension.

\*\*\*This policy is effective May 15th, 2013. All past experiences of biting are not included in this policy, as this policy was not in effect at the time of biting. All biting occurrences from today forward will be counted towards a child's total biting incidents.

### *Emergencies*

If a child is injured while at school, you will be contacted immediately. In an extreme emergency, your child will be transported to the emergency room at Aventura Hospital Emergency Center.

### **Hand washing**

**Hand washing is the most important way to limit the spread of illness and infection in the child care and school setting.**

**Artec Academy staff and children are trained to follow this procedure for hand washing:**

#### **ALWAYS:**

Wash your hands with soap and water in between your fingers, and under your nails and on the tops and palms, to make germs disappear!

*Medication Administration*

---

Medication must be directly handed to the teacher in the room followed by a medication log form (#5) filled out by the parent. Please do not leave medications in your child's lunch bags or back packs. All medication must be in its original container, have written instructions (i.e. label), labels must have the child's name and the name of medication, and not be expired.

*Physical Activity Inside and Outdoors*

---

Artec Academy RECOGNIZES THE IMPORTANCE OF PHYSICAL ACTIVITY FOR YOUNG CHILDREN. Implementation of appropriate physical activity practices supports the health and development of children in care, as well as assisting positive lifestyle habits for the future.

The purpose of this policy is to ensure that children in care are supported and encouraged to engage in active play; develop fundamental movement skills and have limited screen time. Our center encourages all children to participate in a variety of daily physical activity opportunities that are appropriate for their age and are fun. In order to promote physical activity and provide all children with numerous opportunities for physical activity throughout the day Artec Academy will:

Daily Outdoor Play:

1. Encourage a least restrictive, safe environment for infants and toddlers at all times.
2. Provide toddlers (ages 1 to 2 year olds) daily outdoor active play opportunities across 2 separate occasions.

3. Provide preschoolers and school age children with daily outdoor active play opportunities across 2 separate occasions.
4. Increase indoor active play time so the total amount of active play remains the same if weather limits outdoor time.
5. Provide a variety of play materials (both indoors and outdoors) that promote physical activity.

### Role of Staff in Physical Activity

1. Will encourage children to be physically active indoors and outdoors at appropriate times.
2. Will provide 5-10 minutes of planned physical activities at least 2 times daily for children age 3 and older.

## **Discipline**

Children who are harming other children or harming an aspect of his/her environment will be removed from the situation and returned only after the problem has been resolved. Positive behavior will be rewarded with a smile, a touch, or a positive statement while negative behavior will be ignored as long as it is unharmed to the children and their settings. Our center strives to help each child learn and use appropriate behavior. Guidance will be appropriate, respectful, not tied to food or toileting, and within appropriate developmental expectations. Teachers will try to help the child understand that certain behaviors are inappropriate. We appreciate your help and ideas in dealing with your child. Absolutely no physical punishment will be used with any child.

If a discipline problem arises that does not respond to the above-mentioned techniques, we will hold a conference with the parents. Together, we will try to find a solution. You may be called to remove your child if his/her behavior prevents us from being able to properly care for the other children. If the problem continues, other arrangements for the care of the child will have to be made, for the safety and wellbeing of all.

### *Physical Activity and Punishment*

---

Staff members do not withhold opportunities for physical activity (e.g., not being permitted to play with the rest of the class or being kept from play time), except when the behavior of the child is dangerous to himself or others. Staff members never use physical punishment or exercise as punishment, e. g., doing push-ups or running laps. Play time or other opportunities for physical activity are never withheld to enforce the completion of learning activities or academic work. Our center uses appropriate alternative strategies as consequences for negative or undesirable behaviors such as individualized attention towards the child, a time for the teacher to have a one-on-one session with the child and differentiation activities to allow the child to focus on a different action during a time of attention –seeking behavior in class.

### Confidentiality

Upon receipt of all the necessary information, the documents will be placed in a file and kept confidential. Our professional staff will not discuss situations of a sensitive nature with children, parents, uninvolved staff, or the general community. Upon submission of documentation, parents give full authorization for child care personnel to have access to child's records.

### *Addressing Disagreement*

It is common and normal for the adults, parents of the children who attend the same school and the same classroom, to have different ideas, opinions, values, and priorities. Part of being successful in a relationship with another person is being able to use appropriate communication skills so that ideas and opinions can be expressed and received with respect and differences of opinion can be worked out using healthy conflict resolution strategies. Disagreements with any teacher, staff, administration or any parent in the school can be resolved in several ways.

- **TALK DIRECTLY WITH THE TEACHER ABOUT THE PROBLEM.** The best approach is to address complaints at first directly to the teacher by telephone, and then to other school personnel in the order specified by school policy. It is important to check the facts directly with the teacher before drawing conclusions or allocating blame. Direct contact is necessary to define the problem accurately and to develop an agreement about how best to proceed.
- **TALK DIRECTLY WITH THE ADMINISTRATOR ABOUT THE PROBLEM** if the discussion with the teacher did not help in resolving the issue or the conflict.
- **AVOID CRITICIZING IN FRONT OF CHILDREN.** Criticizing teachers or a child and schools in front of children may confuse them. Even very young children can pick up disdain or frustration that parents express about their children's school experiences.
- **CHOOSE AN APPROPRIATE TIME AND PLACE TO DISCUSS THE DISAGREEMENT.** Parents should keep in mind that the end of the day, when both teachers and parents are tired, is probably not the best time for a discussion involving strong feelings. If an extended discussion is needed, make an appointment with the teacher or administrator. There is no parent-to-parent conflict resolution to take place inside of the preschool.
- **DO NOT ADDRESS ANY PROBLEMS (related to the conflicts between children) TO OTHER PARENTS.**

### *Center Rules*

---

There are certain center rules that all children will be taught and expected to follow. This is for the safety and wellbeing of everyone. In addition, we realize that we must expect a certain amount of wear and tear where children are concerned, we do not want to have our center "demolished".

There will be no running permitted in the center. Hitting, pushing, biting, grabbing, kicking, spitting, or pinching other children/infants/adults will NOT be allowed. No standing or climbing on chairs or tables. There will be no use of obscene, derogatory or disrespectful language.

Respectful treatment of other people and all property, toys, and furniture is expected. Willful destruction of property will be charged to the parent at the cost to replace the item. Please support us in the enforcement of these rules to create a better environment for all. **Additional policy reminders and changes will be sent home in the form of a letter to each family on an as needed basis.**

**Thank you for helping us to maintain our policies. They were developed to keep you child safe and healthy within the school environment.**
